WORK EXPERIENCE

Front-End Developer

Revalize | Jacksonville, FL | 9/1/20 – present

- Responsible for creating custom front end solutions for a variety of clients within the configure, price, quote industry with a combination of JavaScript, HTML & CSS.
- Worked with clients such as havertys.com to convert an out of the box draping interface into a custom solution which matched their branding and functional requirements.
- Assisted in the merging of technologies after Revalize acquired 10 companies within the CPQ space. This involved cross training across multiple departments as well as learning new technologies to support the acquired companies.

Sr UI Developer

MicroD | Charlotte, NC | 10/1/20 – 9/1/2021

- Prototyped & developed a shopping cart for fortuonffbys.com which introduced the ability to finance purchases.
- Implemented front end UI/UX enhancements utilizing the latest techniques in HTML5, JavaScript and CSS3 for enterprise level clients.
- Converted legacy apps from AngularJS to VueJS.
- Built eCommerce websites going through the complete design/development process from wireframing/prototyping to coding out and releasing the final product.
- Trained the front-end team on Figma and integrated it into our dev process.

UI/UX Designer

Life Extension | Fort Lauderdale, FL | 6/10/20 – 9/30/20

- Working with the UI/UX team to come up with ways to better improve the UX of lifextension.com (product page layouts, carousels, navigation).
- Developed UI enhancements for lifeextension.com such as building custom landing pages and redesigning their shopping cart.
- Implemented variations of page layouts followed by A/B tests.
- Utilized working prototypes for both user testing and user feedback prior to going to code.
- Implemented and followed a style guide for all new marketing material.

EDUCATION

Associate of Science Degree

The Art Institute of Fort Lauderdale
Fort Lauderdale, FL

2000 - 2003

AWARDS

5 Years with MicroD

2015

10 Years with MicroD

2021

WORK EXPERIENCE CN...

Sr Website Designer & Implementer

MicroD | Charlotte, NC | 2010 - 2020

- Designed and coded platform level features using jQuery and JavaScript working in an agile team environment (item browser/product page layouts, platform themes, one-page checkout).
- Created custom front end solutions for our enterprise level clients based on user feedback (trending products, collection landing pages, product reviews, product carousels, store locators).
- Implemented responsive website designs for manufacturers and retailers within the home furnishings industry (Chair King, Fortunoff, Hooker Furniture, Bob Mills, Walter E Smith, Kittles).
- Simplified our development process by introducing a library of responsive templates and widgets for our customers to choose from that follow WCAG and ADA guidelines.
